

THIRTY-EIGHT PLANES TAKE AIR IN NATIONAL DERBY

COMBINATION OF CITY PLANTS IS NOT CONSIDERED

Council Defers Definite
Action Until Members
Are All Present

REPORT SAID TO
GIVE APPROVAL

Parking On Franklin St.
Will Be Prohibited;
Interest Changed

Action on the proposed combina-
tion of the city sewage disposal
plant and the waterworks pumping
station was deferred by council last
night until the next regular meet-
ing due to the absence of one mem-
ber of council.

City Engineer F. S. Barckhoff,
who recommended the plan two
weeks ago, stated that an official re-
port of the water committee, to
whom the project had been referred
for study was ready, but was not
presented to the body for final ap-
proval as all members were not
present.

The report, he said, approved of
the combination.

The combination of the plants
was referred at the meeting of
council two weeks ago, by Barckhoff,
at the request of Service Director C.
A. Cavanaugh, with the statement
that the city would be granted a
saving of approximately \$10,000 an-
nually through the working of both
plants from one site.

Barckhoff proposed to remove the
waterworks from its present site to
that of the new disposal plant,
working both from the one place.
The cost of operating the two sepa-
rate plants he estimated at \$34,000, while
the cost of the plants combined would
not exceed \$23,900.

Chairman Reports
Councilman P. J. Dean, chairman
of the water committee reported
that the plan had been studied
carefully last Tuesday with the rest
of council as committee-of-the-
whole but made no recommendations.

Progress was reported by the
sewers and sewage disposal commit-
tee on the construction of the new
plant is progressing rapidly and ac-
cording to schedule, it was stated.

The plant, unless inclement
weather interferes, will undoubtedly be
finished by December, the time
stipulated for its completion in the
contract for its general construction.
Work is being done on the
Freeman-Jones company of Clevel-
and.

Most of the work to-date has
been underground, Barckhoff point-
ed out, but within the next few
weeks buildings will be constructed.
Reports from other members of
the sewer committee stated that
several complaints have been re-
ceived from residents of Woodland
and Ohio ave., asking council to
provide means to take care of the
flood water in an alley near their
houses, which was flooding the cel-
lars of their houses. The matters

MOVIE STARTS HOME BLAZE

Damage to Salem Home
Estimated At \$4,000;
Gains Headway

Fire starting from a gas stove in
the living room of the home of Mrs.
Gorman, 208 Garfield ave.,
caused damage estimated at \$4,000
Thursday afternoon.

The entire third floor of the
house was destroyed. Flames start-
ing in the living room, and proceed-
ing up the partition on the north
end of the house to the attic, where
they gained headway before the
fire department was notified at 2:40
p. m.

The fire, it is believed started
from a gas stove which stood close
to the wall without an asbestos
shield.

Women battled the flames for
several hours before the fire was under
control.

According to Mrs. Gorman, excel-
lent work was done by the fire de-
partment in extinguishing the con-
flagration, as to all appearances the
house was beyond control after it
reached the roof of the house.

Injuries Are Fatal

Cleveland, Sept. 5.—Haroldson
of Alliance, one of three
men injured during the Labor
day 100-mile automobile race at
the Randall track, was dead to-
day, having succumbed to his in-
juries shortly before midnight. The
other drivers injured were Kenneth
Cohen of Altoona, Pa., and Wil-
son Humboldt, of Steubenville.
Humboldt has already been dis-
charged from the hospital and Cris-
tian is reported recovering.

Family Rejoices

While Bert Hassell, Rockford-to-Stockholm airman, was lost,
there was a great deal of anxiety in this family. But now they re-
joice at word that he is safe and will soon be home. Left to right are
Victor, 3, John, 5; Rosalie, 16 months and Mrs. Hassell.

GRILL WOMAN IN CANTON MURDER

First Degree Murder Charges to be Lodged Against
Woman Who Maintains She Was Not
Responsible For Girl's Death

Canton, O., Sept. 5.—Although
repeated questioning of Mrs. Car-
oline Evanvitch has failed to shake
her denial of guilt in the killing of
Dorothy Evanvitch, 8, her step-
daughter, charges of first degree
murder are to be placed against her
today, according to County Prose-
cutor Henry D. Harter, Jr.

The child's body was found by a
neighbor Sunday morning in a ditch
near the Evanvitch home at Elton.
The victim had been beaten to
death and thrown into the ditch
according to the finding of
Coroner T. C. McQuate.

The stepmother who, according to
neighbors, frequently mistreated the
child, was arrested on a charge of
suspicion.

Late yesterday Deputy Prosecu-
tor H. C. Graybill and Deputy
Sheriff George Bailey questioned
Mike Evanvitch, the father; Mrs.
Evanvitch; two children, Margaret,
11; and John, 5; Mike Wineck, 16,
who worked for the family; and a
number of other persons from Elton.

Two small insurance policies
were carried for Dorothy, one of
which was taken out only two weeks
ago, according to the investigators.
The father has proven that he was
at work in Massillon Saturday
night, when the murder is believed
to have been committed, the offi-
cials said.

Mrs. Evanvitch remained sullen,
denying that she knew anything
about the killing. Her year-old
baby, which she was allowed to take
to jail with her, was to be returned
home by the father today.

Feeling is at high pitch in the vil-
lage of Elton, which is 12 miles
southwest of here. A number of

OFFICER KILLS THUG IN DUEL

Rookie Policeman Aims
True In Gun Battle
With Ex-Convict

New York, Sept. 5.—A rookie po-
liceman early today killed an ex-
convict with a single bullet through
the head shortly after the man had
robbed a restaurant while two women
companions and a male accom-
plice waited outside in a speedy
roadster.

A taxi driver, who picked up the
policeman and drove him in thril-
ling chase after the bandit car, was
wounded. The officer, escaped
wounded, the man he slew fired point
blank at him. The women witness-
ed the killing.

The dead man is Frank Callagher,
30, who got out of Sing Sing this
summer after numerous terms.

YANKEE FLIERS ANXIOUS FOR START HOME

Hassell and Cramer To
Leave On Ship Soon;
Flight Abandoned

London, Sept. 5.—Bert Hassell and
Parker Cramer, pilots of the plane
Greater Rockford, who were rescued
after two weeks of adventure in the
wilds of Greenland, are preparing to
leave Mount Evans at the earliest
opportunity for Copenhagen, said a
radiogram from Goodhaven today.

They will proceed to Holstenborg,
where they will sail for Copenhagen
upon the ship Disko. It is believed
that the Disko will leave Holsten-
borg in about a week, but as its
journey to Copenhagen will be by
circuitous route it is impossible to
say when it will reach the Danish
capital.

Both Hassell and Cramer are well
but are anxious to get started on
their way home. They have given
up the idea of proceeding to Stock-
holm, which was their destination
when they hopped off at Rockford,
Ill., last month.

From Copenhagen they will sail
for New York.

COLLEGE GIFT IS WITHDRAWN

Possible Merger Given As
Reason By Donors;
School Closes

Columbus, O., Sept. 5.—The \$65-
000 gift for the erection of a dormi-
tory in memory of Caroline Scott
Harrison at the Oxford college for
women, Oxford, O., had been with-
drawn today by the donors, the Ohio
chapter of the D. A. R. The with-
drawal was announced at the cen-
tral district conference of the or-
ganization held here yesterday. The
reason was given as the closing of
the school this year and the possi-
ble merger with Western college.

Although the conference author-
ized asking the national council of
D. A. R. what disposition to make
of the money, its members voiced an
opinion that they would desire the
memorial to be erected in Washing-
ton as a portion of the \$1,000,000
national headquarters and club-
house now under construction.

Mrs. Harrison, wife of President
Harrison, was one time head of the
college. The school has been oper-
ating at a loss for years, it was said,
and last year had but 130 students
enrolled.

KINDERGARTEN TO OPEN MONDAY

New Classes Are To Be
Added to Curriculum;
Assistant Named

Kindergarten classes at the Me-
morial building will open Monday
morning, Miss Doris Chandler, di-
rector announced today.

One of the largest classes in the
school's history is expected, many of
last year's students returning in ad-
dition to the enrollment of many
new pupils. A small fee is charged
to defray expenses.

Classes will be held five days a
week, from 9 to 11:30 a. m. Pupils
will be divided into two classes, the
regular kindergarten work for those
entering public school next year
and nursery school for pupils ex-
pecting to be in kindergarten for
two years.

Many new materials have been
obtained for this year's school add-
ing clay modeling, toy orchestra
work and other specialties to the
curriculum. The regular program
includes music, dramatics, handi-
work, story-telling, rhythms, man-
ners, games, and health.

Children are weighed and mea-
sured regularly and records kept by
Miss Chandler of their health and
growth. Several parties and enter-
tainments are held for the children
and their parents during the year.
Miss Chandler will be assisted in
the classes by Mrs. Paul Covert.

Bankers Named In Federal Indictment

Boston, Sept. 5.—Seven promi-
nent bankers of the middle west were
indicted by the federal grand jury
here today on charges of conspiracy
to defraud by use of a farm loan
scheme worked throughout New
England.

Those indicted were: Walter
Cravens, of Kansas City; Guy Hus-
ton, of Chicago and New York;
John E. Huston, of Chicago; Oran
F. Schee, of Des Moines; John N.
Boyles, of Chicago; Harold A.
Smith, of Chicago; and Bern U.
Sigler, of Des Moines.

All the indicted men were former
residents or directors of farm loan
banks in the middle west according
to United States Attorney Tarr who
presented the alleged fraud to the
grand jury.

LABOR LAW HITS "OUR GANG" ACT

Cleveland, Sept. 5.—"Our
gang," Hal Roach's well known
group of child movie perform-
ers, may have to discontinue
their performances in vaudeville
here, else the theater manage-
ment will be prosecuted for viola-
tion of the Ohio child labor
laws.

Miss Lauretta P. Bean, of the
state industrial commission, has
sworn out an affidavit charging
George Dumond, theater man-
ager, with violating the law
which prohibits children under
14 years from appearing on the
stage, it became known today.
The juvenile troupe arrived here
Sunday from Hollywood and
had been booked to play the
rest of the week.

TURNER FILES SUITS AGAINST 3 CANDIDATES

Chester C. Bolton Called
Technical Violator;
Others Named

Columbus, O., Sept. 5.—Vigorous-
ly prosecuting his "pure election"
crusade, Attorney General Edward
C. Turner today had filed suit in
common pleas court here naming
State Senator Chester C. Bolton as
a technical violator of the Ohio cor-
rupt practices act.

Bolton vanquished John D. Pack-
ler in a warm battle for the Repub-
lican 22nd district congressional
nomination during the recent pri-
maries.

Turner charges that Bolton's
committee's expenditures, totaling
\$9,565, were not properly itemized
or signed by major officials of the
committee and further declared
that receipts of the expenditures
were missing.

Although he did not file suit
against Packler, Turner wrote a let-
ter to Cuyahoga County Prosecutor
Edward C. Stanton suggesting that
Packler personally spent \$2,000
more than the legal maximum.

The attorney general then swung
his heavy guns on Democratic
aspirants for nomination and
brought suit against Commerce Di-
rector Earl D. Bloom, Bowling
Green, and James C. B. Beatty,
East Liverpool, Democratic candi-
dates for governor, alleging their
accounts were not properly filed.

President's Son Loks For Job

New York, Sept. 5.—A son
of a president arrived in town
today looking for a job.

John Coolidge, tanned and
smiling and apparently eager to
talk of many things, stepped off
the Wolverine Express from
Chicago at the Grand Central
Central, found himself sur-
rounded by an army of police
guards and was whisked away to
a mysterious destination.

Pen Trusty Returns Asking For Prison

Columbus, O., Sept. 5.—Ralph
Frye, 31, trusty of the Ohio peni-
tentiary, today was confined with-
in the walls of the institution at his
own request. Frye walked away
from the Roseville prison brick
plant Aug. 26, and voluntarily sur-
rendered at the pen late yesterday.

He told Warden Thomas that he
wanted to be locked up for the re-
mainder of his three year sentence
for larceny imposed on him by the
Knox county common pleas court in
June, because "he could resist any-
thing but temptation, and there was
too much of it as a trusty at the
brick plant."

Frye walked into the sheriff's of-
fice at Mt. Vernon yesterday after-
noon asking to be taken back to
Columbus. He was sent back here
by himself, and when he appeared
was promised considerable treatment
by Warden Thomas.

Lives Lost In Fire In Tenement House

New York, Sept. 5.—Three per-
sons, negroes or Porto Ricans, were
known to be dead, a man was ex-
pected to die and 100 persons were
imprisoned in a fire that swept No.
1928 Seventh ave. in the heart of
Harlem today.

Firemen were searching the ruins
of the fire story tenement for ad-
ditional bodies.

All the known dead are still un-
identified. The body of a five-year-
old girl was found on the third
floor burned beyond recognition.
The man and woman were taken
from the top story of the burning
tenement and both lived but a few
minutes.

Cyclist Dies In Crash

Hamilton, Sept. 5.—Paul Ran-
dolph, 20, of Kings Mills, was killed
instantly this morning at Prince-
ton, five miles east of here, when
the motorcycle on which he was
riding crashed into an auto driven
by Leroy Bowers of Glendale. Ran-
dolph was on his way to work here
and Bowers enroute to work in
Middletown. They crashed headon.

REILLY SCHOOL NOT READY TO OPEN MONDAY

Half-Day Sessions Will
Take Care of Surplus
Until Sept. 18

The new Reilly grade school
building will not be completed for
the opening day of school, Supt. of
Schools John S. Alan announced to-
day following a meeting of the
board of education last night.

General construction of the school
has been completed by the M. E.
Lutz company, of Canton, but work
by sub-contractors will not be com-
pleted before Sept. 18.

Until the school is completed,
half-day sessions will be held at
McKinley school. Regular McKinley
students from the first to fourth
grades, inclusive, will attend classes
during the morning, and Reilly
pupils in the afternoon.

It is hoped that students who
will attend Reilly school this year
will be able to get together at the
new school for organization of
classes Monday morning, and at-
tend their classes in the afternoon
at McKinley, but this is not defini-
tely decided. Announcement of
whether the new school students
should meet at Reilly school Mon-
day morning or at McKinley in the
afternoon will be made later, Alan
declared.

Miss Dorothy Smith, Salem High
school graduate, and teacher of
third grade at Fourth st. last year,
was elected principal of Reilly
school by the board.

Miss Smith is a graduate of Kent
State normal college and has taught
in Salem schools for several years.

The resignation of Mrs. Geneva
Miller, principal of Junior High
school was accepted by the board.
Mrs. Miller was principal for one
year and formerly instructor in
mathematics. She resigned to go to
Youngstown where her husband, R.
F. Miller is employed.

Mrs. J. M. Lyle, teacher in Salem
schools for 15 years was temporarily
appointed to the principalship. For
the past few years she has taught
in Junior High.

Miss Anna Oelschlager, physical
director of the Lima Y. W. C. A.,
was appointed high school girls'
athletic director to replace Miss
Margaret Tinsley, who resigned be-
cause of ill health.

Miss Oelschlager, graduated from
the Oberlin college of physical edu-
cation and arts college in 1927.

Louise Scullion, fifth grade teacher
at Columbia school resigned to
accept a position in Struthers High
school. Her resignation was accept-
ed by the board.

Mary Hann and Viva Marshall
were elected grade school teachers.
They have not been assigned to any
school, as assignments are to be
made later by Alan. Miss Hann is
a graduate of Salem High and Kent
State. Miss Marshall has been
teaching in the west for nine years.

B. F. Engle was appointed janitor
of the new Reilly grade school.

MISS TOLERTON SINGS FOR CLUB

Salem Girl Given Great
Ovation by Rotarians;
Film Is Shown

A movie film of golf lessons shown
by C. G. Burton was a feature of
the meeting of the Rotary club
Tuesday noon at the Elks home.

The meeting was in charge of
George J. Bunn, who presented Miss
Eleanor Tolerton, daughter of Mr.
and Mrs. W. W. Tolerton. Miss
Tolerton sang three songs, playing
her own accompaniment, and at the
conclusion she was accorded a great
ovation by the Rotarians.

President R. S. McCulloch reported
briefly on the conference of Ro-
tary secretaries and presidents
which he attended at Wooster last
week. C. G. Burton and C. E. Tol-
erton also attended.

Next week the meeting will be
held at noon Friday, at which time
District Governor Joseph Markley
of Canton, will visit the club.

Wisconsin Governor Faces Primary Loss

Milwaukee, Wis., Sept. 5.—Wiscon-
sin for the first time in 38 years, it
appears today, has denied a second
term to a governor of the state. On
the basis of incomplete returns, the
present executive, Gov. Fred R.
Zimmerman, was overwhelmingly
defeated in yesterday's Republican
gubernatorial primary.

Walter J. Kohler, of Kohler, Wis.,
manufacturer, was maintaining a
slight lead over Congressman J. D.
Beck, of Viroqua, LaFollette guber-
natorial candidate, when approxi-
mately one third of the 2,760 pre-
cincts in Wisconsin had been tabu-
lated. Gov. Zimmerman was ap-
parently a hopeless third, polling
less than 20 per cent of the total
vote.

Granted Leave

Moscow, Sept. 5.—George Tchit-
cherin, soviet commissar for foreign
affairs, has been granted sick leave
until December and will make a
tour of Germany.

South Dakota Calls Salem Pastor

REV. A. M. CLARKE
BAPTIST PASTOR
TO LEAVE SALEM

Rev. Arthur Clarke Given
Call To Brookings,
S. D., Church

Rev. Arthur M. Clarke, pastor of
First Baptist church, has accepted
a call to the First Baptist church
at Brookings, S. D. it became known
today.

The congregation of the Salem
church was notified Sunday that
Mr. Clarke will begin his new work
Oct. 15, when he will remove his
family from Salem to Brookings.

Rev. Mr. Clarke came to Salem
almost two years ago. He immedi-
ately became popular not only
with his congregation but through-
out the city. He has taken an ac-
tive part in many civic affairs.

HICKMAN FUND BEING AWARDED

Captors of Youth To Get
Large Share of Money
Raised By Radio

Los Angeles, Cal., Sept. 5.—Dis-
tribution of the \$27,728.28 fund
raised by KFWB radio station here
for the capture of William Edward
Hickman, now awaiting hanging at
San Quentin prison for the murder
of Marion Parker, was under
way today.

Sixty per cent of the fund was
awarded to Tom Gurdane and L.
Lieuallen, the Pendleton, Ore., of-
ficers who actually captured Hick-
man.

The remaining 40 per cent was
distributed among 12 persons who
were found to be instrumental in
identifying and trailing the former
Kansas City youth.

Among the claims not allowed was
that of Wally Hunt, former pal of
Hickman who is serving a life term
in San Quentin for the murder of
C. Ivy Toms, Los Angeles druggist.
Hickman received a similar sen-
tence for the same killing.

CANFIELD WOMAN SHOOTING VICTIM

Youngstown, Sept. 5.—Albert
Mesner, 60, and his wife, Cora, 58,
were in serious condition at Youngs-
town hospital today with bullet
wounds inflicted by the man. The
two had become estranged and sepa-
rated.

The shooting in Canfield is
said to have been the first attempt-
ed murder or suicide in that village
in 50 years. Mesner sat in an auto-
mobile and fired at his wife as she
was returning from a shopping tour
with a 16-year-old daughter.

St. Clairsville To Have Water System

St. Clairsville, O., Sept. 5.—This
village, the county seat of Belmont
county, may lose its distinction of
being the only principal city of a
county in Ohio to be without a mu-
nicipal water system, it was de-
clared here today following the ac-
tion of city council last night in au-
thorizing a \$134,000 bond issue for
that purpose placed on the Novem-
ber ballot.

St. Clairsville is a village of nearly
2,000 population and has never had
a municipal waterworks. If the bond
issue is approved, council members
declare work will be started im-
mediately.

Seriously Injured

Dayton, O., Sept. 5.—Charles
Moore, 30, is dying in a hospital
here today from a fracture of the
skull sustained last night when he
was struck by a hit-skip motorist
on the Covington pike north of
Dayton while he was repairing a
flat tire. D. Williams, 31, who was
aiding him, was seriously injured,
but is believed to be recovering.

COLUMBUS SET AS NIGHT STOP FOR AVIATORS

Monoplane First To Make

LOS ANGELES IS
GOAL OF FLIERS

Ships Zoom Into Air, At
One Minute Intervals,
From New York

BULLETIN

Columbus, Sept. 5.—Edward
Rowland, pilot of a Cessna
monoplane in the transcon-
tinental air derby was the first to
arrive in the Columbus con-
trol, landing at Norton field
here at 11:08 a. m. from Mc-
Keesport, Pa., on the third leg
of the flight from New York
to Los Angeles.

Robert Dake, Pittsburgh, pi-
loting an American moth land-
ed in second position at 11:20 a.
m.

Other early finishers were W.
B. Smith, Swallow; S. L. Pond,
Challenger; Stuart Chadwick,
Waco; J. E. Carberry, American
moth; A. H. Stanley, Waco.

Roosevelt Field, N. Y., Sept. 5.—A
Waco biplane with Albert R. Jacobs
at the controls and Sam Gordon as
passenger hopped off here at 3:43 a.
m. (eastern daylight time), the first
of 38 class A planes in the national
air derby to take the air in the
transcontinental air race to Los
Angeles.

The remaining 37 planes hopped
off at one-minute intervals. Hun-
dreds of spectators watched the
planes dash across the runway and
then lift gracefully into the gray
skies of early morning.

One minute after the Waco left
the field, a monoplane piloted by
Dan R. Robertson, with Earl Dox-
berry in the observer's seat, peeled
across the field, its Curtiss-OX-5
motor spitting flames, and scared
into the air, winging away to the
west.

Second Plane Off
It was not out of sight, before
the Lincoln Page piloted by Leslie
C. Miller was tearing across the
turf, lifting clear of the ground, and
following hard on its tail.

Motors were roaring everywhere,
as one ship after another taxied in-
to position, waited for its signal to
start, and dashed off on the way
west.

The planes one after another
zoomed into the sky, like a flock of
birds roused from the bush by a
hunter. They circled and dived over
the field, obtained bearings straight-
ened out and flew full speed for the
west. As the planes left the field
they were checked by official timers.

M. POIRET IS PEEVED

For years without number the name of Paul Poiret has been synonymous with what the well-dressed woman is wearing. More than that, he has made several trips to the United States in the interest of French couturiers. By reason of his activity, making clothes and setting styles for American women has been turned into a highly profitable business on a grandiose scale.

It is therefore with amazement that we read an explosion from M. Poiret denouncing modern women's attire. He says:

"Women today are indecently dressed—and I can't characterize their attire by any other adjective than indecent."

To this M. Poiret adds that this "indecent" has removed "all their charm and mystery."

This is important, provided only that it is true. So far as the average man can judge, women are a little bit more charming than they ever were before, and, as for mystery, it still remains. One of the mysteries may be that no matter what the vogue, woman still pleases, charms and entrances the male. Decency and indecency is a matter of opinion and more especially of conduct.

Paul Poiret particularizes that what is needed to raise the waning "charm and mystery," is more material in clothes. It will surprise no one if some well-informed member of the fair sex does not set forth that for the last five or six years, the Parisian dressmakers have been trying to lengthen the skirts. At present they seek to introduce a style with an irregular skirt line, long in places, yet short enough elsewhere to give a fairly clear vision of the nether extremities. In this way more material could be used.

But this urge for more material comes not from people of the Poiret stamp, but from the silk manufacturers hard hit by scanty yardage. These manufacturers are in fact part of the mass production scheme which Paul Poiret has developed from loom to department store. May one not ask if dollars and francs don't have a lot to do with the spleen of Poiret?

As a matter of fact the American young women has noticeably less reason to be ashamed of herself from the knees down than probably any generation which preceded her. Freedom has brought exercise and exercise, whether in the dance or in mere locomotion, has brought charm and grace which were never in the old fashions, say, of the '80's. These were draped with a vengeance and the vengeance was rather terrible, not only on the beholder, but on the victim as well.

If a change in that direction is to come, the women must start it.

ABOUT YOUR SUPERSTITIONS

Are you ashamed of your superstitions? Do you blush to confess that you dislike to walk under a ladder, or that you shudder and recoil when a black cat crosses your path? You need not. You are in very distinguished company.

Take Winston Churchill, British chancellor of the exchequer. He is superstitious, and makes no bones about admitting it. Then, too, it is recalled that some years ago the Earl of Balfour was seen to "knock on wood," and as for Premier Lloyd-George, it is said that in his infancy he was carried to the top of the house and held above the roof, to insure his rise in the world.

There are those bold debunking spirits who assert it is all folly to indulge superstition in this modern era, but on the other hand it is pointed out that superstitions, after all, have their point and value.

Thirteen at table leaves somebody without a partner, and is one too many for an evening of bridge. The girl who is twice a bridesmaid had better be looking around if she aspires to avoid spinsterhood. And why start a business adventure on Friday? Saturday is a half-holiday, anyhow.

As for \$2 bills, they are apt to be

unlucky. In a crowd, in a hurry, you may be shortchanged, the cashier mistaking it for a one dollar bill. Or why walk under a ladder if it is not absolutely necessary. Someone might drop something on your head, or spill paint on your clothes.

What Others Say

SHUFFLE THE CARDS
We do not know whether to become frankly skeptical or to take up mathematics and figure the thing out for ourselves, but here comes another report of a perfect bridge hand of 13 trumps. It is now J. Hughes Murphy, of Baltimore, who declares he held 13 spades, an event which the authorities tell us would occur on the average once in 158,888,000,000 times.

We find on examination that once a month is a very fair average for such hands to be reported in the New York papers. On this basis almost 2,000,000,000,000 hands should be played in this country every year. And this means that every man, woman and child in the United States must play an average of 60 hands every night. That is a lot of bridge.

Not all the holders of these miraculous hands make the big killings which imagination pictures. They usually get so excited they drop their cards. Then there was the Chicago player who held 13 diamonds and was outbid by some one with a strong hand who went to seven spades and lost his bid only by a misplay. Within a few months another player in the same club held 13 hearts, but made only 236.

These two famous hands were held in 1925 and created excitement and controversy, but in 1927 and again in 1928 came reports of two perfect hands in a single deal. If this is believed possible, there are still more records to tax our credulity. On Nov. 30, 1927, four players in Grand Haven, Mich., all held perfect hands in one deal, and on June 1 of the present year cables from Wellington, New Zealand, carried the same story of four players at a bridge party at Auckland.

Our imagination is staggered to think of the number of hands which must have been played to enable the making of these records. But to return to Mr. Murphy, who held 13 spades in Baltimore. We can almost believe his story, for he proves himself a careful and conservative player. He was not taking any chances. "I played the thirteen spades out, just for the fun of it," he told the reporters—New York Post.

Mrs. Winslow's Syrup

GUARD YOUR EYES;
INFECTION IS EASY

By Royal S. Copeland, M. D.
United States Senator from New York. Former Commissioner of Health, New York City.

Yesterday I stood in a subway junction waiting for a train. A pretty young girl sat on a nearby bench. She was doing something that may ruin her looks and impair her health. Her busy fingers were rubbing her face and eyes, pinching the skin, pulling her lips and nose, fussing continually.

My attention was held by her actions. She happened to get on the same train I took and sat opposite me in the car. Her activity did not cease. What she was doing reminded me of a professional giving a face massage.

You must not put your soiled hands on your face. It is all too easy to convey the germs of disease in this way. The germs of influenza and other diseases of the breathing apparatus, as well as various skin diseases, may be picked up by the hands.

Kind Nature made the skin of the hands, particularly of the palm and finger tips, very thick, armor-like. You may get germs on those parts without having them break through the covering to cause damage to your health and life. As a matter of fact, you do gather up multitudes of germs and other offensive material. Under the finger nails may be found such agents of disease.

Soap and water, with much scrubbing, will wash away these dangerous substances. That is the way to dispose of them.

I beg of you not to fuss with your eyes, nose and mouth. Harmful agents can enter your body through these organs. They are parts of the anatomy which should be guarded against infection and the entrance of infection.

It is dangerous to squeeze and pick the skin with unclean fingers.

The new Buick is the new Style

More than handsome... more than luxurious... a wonderful new type of motor car beauty... a thrilling turning point in body design

It will be imitated, of course! The new, the fine and the beautiful always inspire emulation. But so great is the cost of building the magnificent new Fisher bodies for the Silver Anniversary Buick that imitation will be possible only to much costlier cars, and even these will find difficulty in following where Buick leads!

\$1,500,000 has been expended in manufacturing the dies alone for the new Buick bodies; and the gracefully curving side panels which form one of their distinguishing characteristics represent the most expensive steel paneling work employed on any automobile in the world!

But it is not in the matchless grace and beauty of exterior design alone that the Silver Anniversary Buick eclipses other cars. The velvet mohair upholstery in the closed models—the

hardware and fittings—the many appointments of luxury and convenience—are all of the richest quality; and the bracing of the bodies, which imparts strength and durability and freedom from squeaks and rattles, is the most efficient and effective known to motor car practice.

In dashing beauty—as in fleet, powerful performance—the world holds no equal for the Silver Anniversary Buick with Masterpiece Bodies by Fisher.

It is more than handsome, more than luxurious—it marks a thrilling turning point in body design. And the motorist public, buying in such tremendous volume as to force the great Buick factories to work day and night to supply the demand, is elevating it to the prominence of a vogue!

Motorcyclist Dies Following Accident

Ashland, O., Sept. 5.—Myron E. Gord, 17, of Jeromesville, died here today from injuries in a motorcycle accident late last night. Gord died of a fractured skull and internal injuries. There were no witnesses to the accident and it is believed he lost control of the cycle and skidded. His body was found in the middle of the highway near Jeromesville by a passing motorist and brought here.

AIR RACE
(Continued from Page 1)

Keesport, Pa., today followed by an overnight stop at Columbus, Ohio. According to the rules of the race each plane must remain 30 minutes in all but night stops and any plane failing to reach the night control city by 3:30 p. m. will be ruled out of the race.

The race today was limited to commercial planes carrying two or more passengers with motors not exceeding 90 horsepower. The winner, the plane credited with the best elapsed time, will receive a cash prize of \$5,000.

Starting tomorrow at dawn the planes will leave Columbus, Ohio, on the second lap of the race to Mines field, Los Angeles. Other stops scheduled in the race are Terre Haute, Ind.; St. Louis and Kansas City, Mo.; Wichita, Kan.; Oklahoma City, Fort Worth, Abilene, Midland, Pecos and El Paso, Texas; Lordsburg, N. M.; Tucson and Yuma, Ariz., and San Diego.

Night stop will be made at Kansas City, Fort Worth, El Paso and Yuma.

Columbus Ready
Norton Field, Columbus, O., Sept. 5.—As the first streaks of dawn mounted over the airport here today, a corps of "ground men" was busily engaged in preparing for taking care of at least eight planes, entered in the class A, trans-continental air derby which are scheduled to reach here today, remain overnight and hop off at 5 a. m., tomorrow on the second leg of the flight from New York to Los Angeles.

In addition to the comparatively few planes making the overnight stop, between 40 and 50 planes, entered in classes B and C of the derby, were to swoop out of the eastern sky today any tomorrow for a brief 30-minute stay during which time the pilots will be fed and refreshed and their planes refueled and the motors checked.

Will Arrive at 2
The first plane in class A was expected to land here about 2 p. m. today. Norton field is an overnight stop for this class of planes only, the other planes using this airport as a central station, the overnight stop being set for Terre Haute, Ind.

Frank McKee, Kline Roberts, secretary of the airport commission, and Capt. Ralph L. Williams, secretary of the aero club, have selected Columbus officials to act as timers for the pilots.

A white line drawn across the width of the field here will be used as the finish and starting mark. Several pilots have sent ahead special brands of oil and gasoline used in their planes while local oil companies were augmenting the mechanical force at the field, with special mechanics to aid in checking planes and motors.

This was pointed out by Solicitor Cecil Scott, will not cause any delay in the street improvement program of the city.

Miss Nellie McCord, of Elkton is spending the week with friends here.

Will Wales Propose to Her?

Photo shows Princess Marthe, of Sweden, who, it is learned, will be guest of King George and Queen Mary at Balmoral Castle in September. British newspapers profess to see in this a possibility that H. R. H., the Prince of Wales, will ask her hand in marriage. The Princess Marthe is considered by many to be the prettiest of unmarried royals in Europe, being dark-haired, possessed of a slow, shy smile and a charming manner. She is sister of Princess Ingrid, who married the crown prince of Belgium.

POLICE OFFICIAL FACES CHARGES

Big Bank Accounts Added To Safety Vaults Bring Suspicion

Philadelphia, Sept. 5.—A high police official stood revealed today as possessor of accounts in half a dozen banks and a safety deposit box filled with cash and securities, as a result of District Atty. John Managhan's grand jury probe of underworld activities in Philadelphia.

Managhan declined to reveal the name of the police official but intimated the funds discovered amounted to thousands of dollars. Unless the source of this wealth and huge sums owned by several police officials can be explained it will be considered prima facie evidence of graft and corruption in office district attorney said.

"What business has a police official on the salary he obtains from the city to have big bank accounts in half a dozen banks and to possess safety boxes filled with securities?" Managhan asked.

The contents of the safety deposit box, the second seized since the probe began will be examined today by the grand jury. It is reported the official stored graft money for use when he quits the force.

COUNCIL
(Continued From Page One)

were referred to the service department for investigation.

Stop Sign
Suggestions for the rounding of the corner of Tenth st. and Goshen ave., and the installation of a warning "stop" sign were made by Councilman F. L. Rollins.

Rollins stated that he had investigated into the matter several days and found that since Goshen ave. had been improved by paving much speeding was done on the street and accidents could be averted through the placing of the signs at the intersection and the rounding of the corner.

Other members of council were asked by Rollins to investigate into the subject. Following the investigation it will be taken up with Safety Director Rex W. Rugsby.

Rugsby was instructed by council to issue an order to police to prohibit parking on the west side of Depot st., between Franklin ave. and Mill st. Councilman George Slocum presented the matter to council, saying that many accidents had been caused on the street due to parking on both sides of the street in that zone.

He stated that 90 per cent of the accidents would be averted through the restriction of parking on the one side.

Notes issued by the city of Salem in anticipation of special assessments for the paving of Etna st. the resurfacing of Grant and Pershing and construction of sanitary sewer at Grant and Home Circle will bear interest at 6 per cent following the amending of ordinances passed previously calling for only 5 per cent by council.

The change in the rates on the bonds and notes, amounting to \$31,723.72 was necessitated in the refusal of Salem banks, purchasers of the notes, to buy them with interest at 5 per cent.

This was pointed out by Solicitor Cecil Scott, will not cause any delay in the street improvement program of the city.

Miss Nellie McCord, of Elkton is spending the week with friends here.

ESCAPED SLAYER BACK IN LIMA

Returned to Asylum From Which He Broke Free; One At Large

Lima, O., Sept. 5.—As cell doors clanged behind Thomas McKenna, insane slayer at the Lima State hospital, search for Clarence Beard was intensified today although no definite clue to McKenna's escaped confederate had yet been unearthed.

Both men, known to police as desperate gunmen and serving life terms at the State hospital, effected a jail break early Monday, overpowering a guard and scaling a 20-foot wall in their flight to freedom.

With every large city in the Middle West enlisted in the search for the escaped murderers, railroad detectives were especially vigilant in watching railroad property for it was considered likely the men would attempt to "beat their way" on freight trains to comparative safety.

This vigilance was rewarded in the case of McKenna, for late yesterday, two detectives in the Erie yards at Marion spied a man slinking in the bushes bordering the yards. They leaped upon him and made the arrest without opposition.

Marion police declared the man admitted his identity, which was further established by a glass eye, a memento of McKenna's gun battle in which he killed a Lima policeman in 1918.

McKenna disavowed all connection with the escape of Beard, a St. Louis gunman, who once engineered an escape from the Iowa (Mich.) State Hospital for the Criminal Insane.

**PROHIBITION
ATTACKED BY
DEM LEADER**

**Sloan's Statements Are
Contradicted By
John J. Raskob**

New York, Sept. 5.—Returning to his desk today after a 10-day round-up of the middle-west, Chairman John J. Raskob of the Democratic National committee resumed his attack upon prohibition with a denunciation of the employer and industrialist who supports the dry regime as a factor in American prosperity.

"Prohibition is just a scheme to prohibit those without money from having what those with money have," he said. His statement was called up by the recent announcement of Alfred P. Sloan, Jr., president of General Motors corporation, declaring his support of Herbert Hoover. Sloan expressed the opinion that our present unprecedented prosperity was due in a large part to the increased productive efficiency of works under prohibition.

Gives Ideas

"I don't think there is any justification for that conclusion," Raskob declared. "Our prosperity is due to our high wages and enormous consumption of goods."

Satisfied that they have their middlewestern campaign well under way, the Democratic National managers turned today to Maine, where the state election September 10, will give the first indication of the direction and force of the 1928 political winds.

The Democratic organization has put forth an unusual effort in Maine this year determined that even should the state be lost to the normal Republican majority, the G. O. P. plurality shall be cut down to the last possible vote.

Woman To Speak

Mrs. Nellie Taylor Ross, former governor of Wyoming and vice-chairman of the national committee, arrived at Belgrade, Me., this morning for a speech tonight at a Democratic rally in Portland. Miss Elizabeth Marbury, National committeewoman from New York met the director of the women's campaign at Belgrade, prepared to entertain a group of the women leaders of the state at luncheon before continuing to Portland.

**TURNER RULES
ON HIGHWAYS**

**State and County Are Not
Authorized To Add To
Improvements**

Columbus, O., Sept. 5.—Neither the state nor the county is authorized to contribute any part of the cost of improving a city street, which is a continuation of a state road, or highway, when the city improves the thoroughfare as "a street." This ruling was given today by Attorney-General Edward C. Turner to Prosecuting Attorney James Collier, Ironton.

In an opinion given to the state civil service commission, Turner held that a person, while holding an office or position in the classified service of the state, county, city or school district, cannot legally be a member of a county election board or a clerk of such board.

**CURTIS CARRIES
TARIFF QUESTION
INTO NORTHWEST**

Boston, Sept. 5.—Declaring a Democratic presidential victory would lead to downward revision of the tariff and resultant economic disaster in America, Senator Charles Curtis, Republican vice presidential nominee, today carried the tariff war into the heart of New England's protected industrial area.

Curtis spoke to an outdoor rally of Republicans and he made the tariff the keynote of his speech. He warned New England's industry that Gov. Alfred E. Smith, Democrat nominee, by endorsing the Underwood tariff bill, had demonstrated that "American labor, industry and agriculture will receive no tariff protection from the Democrats."

"The policy of tariff protection has been so interwoven with our economic growth that it is an inseparable part of our present national prosperity and success," said Curtis. "Its abandonment cannot be considered for a moment. Any general revision downward, such as was made the last time the Democrats were in charge of the country as a whole. Any permanent revision downward would mean the economic ruin of the country."

**Four Deer Dash On
Porch At Breakfast**

Greenwich, Conn., Sept. 5.—Club members breakfasting on the broad verandas of the Greenwich Country club, late this summer, asked one another "Did you see what I saw?" when four deer stepped from within the club house and vaulted the verandas cleanly, one after another, and trotted away across the rolling links.

Checking up, the club members found the deer had entered by the front room, ambled across the lounge, and cleared tables and railing at one leap. Only the previous day 14 deer had grazed down the links.

**GREEN WINS IN
MICHIGAN VOTE**

**Present Governor Gains
Large Majority In
Light Ballot**

Detroit, Sept. 5.—Gov. Fred W. Green, was renominated by the Republican party in Tuesday's primary by a majority approaching 175,000, despite one of the lightest votes in the history of the state.

Gov. Green carried every one of Michigan's 83 counties, including Kent, the home county of former Lieutenant-Governor George W. Welsh, his opponent.

Lieutenant-Governor Luren D. Dickinson, seeking renomination on the Republican ticket, polled a plurality of 60,000 in the upstate balloting. Although Fred L. Woodworth, Detroit, is whittling down Dickson's lead as Wayne county's returns come in it is doubtful whether Wayne county, with a light vote, can change the result.

All the state Republican congressmen outside Wayne county were renominated. Representative Robert H. Clancy, in the first district, east side of Detroit, was being given a close race by former Representative John B. Sosnowski.

Philadelphia Athletics Cut Lead Held By New York Yankees

Blackmen Now Within Two Games Of League Topping Huggins Crew

New York, Sept. 5.—The Philadelphia Athletics, clinging tenaciously to the tail of the Yankees, recovered a half a game by beating the Yankees, 9 to 2, and are now only two games behind. This lead may be increased today when the Yankees meet Washington at the stadium. The Huggins have shown no adeptness at beating the Senators in recent weeks. Waite Hoyt will probably face Sam Jones in the next game.

The National league race grew a bit more complicated when the Pirates beat the Pirates to climb four percentage points and share the first position with the Giants, four and a half games behind the Yankees. The position of the Cubs is not as sound as that of the New York Yankees, however, because the Chicagoans have lost three more games than the Athletics. These games can not be made up—they are gone. The Athletics still have those golden chances to tighten up on the Pirates and the pennant.

Williams did the Cards a big favor when he slammed his homer the great beyond to score Swat Klein ahead of him and win the game for the Athletics. The Athletics double-header for the trailing Phillies, 8 to 7, and the Cardinals McGraw had romped home to an easy 9 to 4 victory in the first game. With the Cards idle it was a fine chance to cut a whole game out of the margin separating them from the leaders. Today the Yankees get another try at the Phils and a victory will reduce the lead to four games since the westerners are idle.

OHIO WESLEYAN COACHES TRAIN

Largest Staff In History To Tutor Gridders At Delaware University

Delaware, O., Sept. 5.—Ohio Wesleyan university's seven assistant football coaches began their training and schooling here today under the direction of Coach George Gauthier. Each afternoon for a week all members of the battling bishop coaching staff will meet to discuss plans for the 1928 gridiron season, following the talks the coaches will don football garb and go through gruelling drill in fundamentals which they will demand of the battling bishop squad.

With the addition of Francis Bacon, Mt. Gilead, to the staff to assist in coaching varsity ends and tackles, Ohio Wesleyan now has the largest coaching staff in its history. Coach Gauthier has completely re-organized his staff in preparation for the coming season. "Fritz" Mackey, former Ohio State star, will again assist as varsity line coach; George Staten, heretofore bishop freshman coach, will assist the varsity backfield men; C. S. "Doc" Welch, Columbus, completes the varsity coaches; Ray O. Detrick, the bishop's head basketball coach, will have charge of the freshman squad; he is to be assisted by Robert Tilton and Hobard H. Bell as line coaches.

NEW COACH TO ARRIVE AT DUN EDEN CAMP

J. M. Ruffner, new assistant coach and athletic director of Salem High school is expected to arrive in Salem today to assist Head Coach Floyd W. Stone in the supervision of the grid football camp at Dun Eden park, which opened Monday.

He is a graduate of the University of New Mexico. The seventh game of the football schedule was arranged today by Wilbur J. Springer, former principal, who is acting as faculty manager of athletics until one is appointed.

New Philadelphia High was scheduled for a game at Reilly stadium, Nov. 17. This completes the full schedule of 10 games.

Work at the football camp started in earnest today, following the first two days' warming up drills. Monday and Tuesday's sessions consisted mostly of light drills, passing and kicking. Today tackling and blocking practice will start.

SHORT SPORTS

Indianapolis—The Grand circuit harness races at the Indiana state fair will get under way Sunday afternoon with three events on the program. All are for half-mile track performers.

Fremont—A squad of 50 candidates reported for the first day's practice of Fremont high school football. Six letter men have returned.

Akron—A fat baseball schedule is being made for the season. The track record for the 2:10 trot was broken twice in the final day of harness racing at the state fair. The race was the best of the day.

Tiffin—Miss Kathryn Kalbfleisch won the women's title at the Mohawk golf club. It is the third consecutive year she has been champion.

RECORD CROWDS MAY SEE SERIES

By DAVIS J. WALSH

New York, Sept. 5.—Just by way of offering encouragement to those earnest souls who were wondering what could be done about "the American League situation" less than five weeks ago, I am gratified today to announce that the greatest crowd ever to see a baseball game will sit in on the famous Yankee-Athletic double header on Sunday next.

Present estimates are that 82,000 will view this premiere of a series that figures to be the abiding factor in the ultimate disposition of the American League pennant and the gendarmes, making ready for a world series riot, reckon that the turnouts will number 25,000 more. An ordinary double header on a New York Sunday would be good for at least a 50,000 crowd. This one, carrying all the appeal of a desperate stretch-run between the two leaders, simply can't miss. It may even outdraw the world series, provided the annual affair is visited upon New York. If it isn't, the Sunday games will more than double any world series attendances in Philadelphia or St. Louis where the capacities of the ball parks are comparatively limited.

At the moment, New York is going through a virtual dress rehearsal of the world series scenes, with a reserved seat sale for Sunday scheduled to be opened tomorrow morning. Yankee officials expect to sell 22,000 reserved seats in less than 24 hours. It will take them about that long to sell half the ball club if it doesn't win the pennant, according to stories in circulation, the big idea being that the present Yankees have practically run their race as far as future campaigns are concerned. Huggins, however, is saying nothing about this with great steadiness; in fact, he went so far today as to intimate that he was content with the Yankees as they stood, maybe he meant well.

Huggins also announced that he thought Herb Pennock would be ready to left hand one game of the Athletics series but, with rare presence of mind, restrained himself from explaining just how effective a pitcher who hadn't been in a box since Aug. 12 ought to be on an occasion like this. It was gathered, too, that the Yankees are not doing anything more than hope that Tony Lazzeri will return.

Free State To Use Roman Script Now

Dublin, Sept. 5.—The Free State authorities announce that in the future all examinations in Irish under the civil service commission will require the language to be written in Roman script. Irish scholars and idealists resent the new order which will destroy the ancient Gaelic characters. Many say they would rather Irish were not written at all rather than in "English" characters. Many people find it difficult to read Irish when in Roman print but the government is adamant and says modern needs must be first catered for.

"THE 50-50 GIRL"

Babe Daniels and James Hall are the stars in the feature at the State, "The 50-50 Girl" which opens tonight.

The story of "The Fifty-Fifty Girl," written by John McDermott, concerns the attempt of Miss Daniels to run a gold mine like a man while her partner, James Hall, assumes the obligations of the woman.

It goes along fine, to the accompaniment of a steady string of chuckles, until Miss Daniels runs up against a bunch of villains who are attempting to get the mine away from her and Hall.

Miss Daniels is fortunate as regards to the supporting cast. James Hall is her leading man.

William Austin, seen with Miss Daniels quite often, makes a fine type for a stupid mining engineer whose experience has been gained entirely from text-books.

George Kotsenaros and Johnnie Morris are the other featured members of the cast.

"DRUMS OF LOVE"

The story of "Drums of Love" is essentially a romance of a great and tragic love, set in a colorful and extraordinary screen pageantry that make it one of the finest films which ever featured Lionel Barrymore as the leading player.

Barrymore undoubtedly the star of the picture, but not the hero. He

Woman Took Lydia E. Pinkham's Vegetable Compound

Denver, Colo.—"I have taken six bottles of Lydia E. Pinkham's Vegetable Compound and will take more. I am taking it as a tonic to help me through the Change of Life and I am telling many of my friends to take it as I found nothing before this to help me. I had so many bad feelings at night that I could not sleep and for two years I was afraid of falling. My mother took the Vegetable Compound years ago with good results and now I am taking it during the Change of Life and recommend it."—Mrs. T. A. Miller, 1611 Adams Street, Denver, Colorado.

plays the part of a tyrannical ruler who forces a beautiful girl, Mary Philbin, a princess of a nearby country to marry him, not knowing that she loves his brother, Don Alvarado.

Alvarado, despite the temptations placed before him by the girl remains true to his brother and refuses to heed her petitions that he declare his love for her to her husband, until, one day by accident they are found arm in arm by the ruler. Here tragedy enters: the brothers have sworn death to the member of the family that disgraces their family name, and seemingly Alvarado has done just that.

Barrymore, though begins to understand. He sees himself as the grotesque, undesired husband of a girl, beautiful, and who loves his brother. He asks Alvarado if he loves the princess, and upon his brother's declaration, goes out to kill the person who told him that Alvarado was untrue to the family name. In the fight Barrymore is about to kill the enemy, but suddenly realizes that his death would clear all, and makes no effort to stay the blow that severs his body.

This vivid play is at the Grand for the last time tonight.

HOME-MAKING HELPS

By Wanda Barton

Fine table linen is always dear to the heart of the particular housewife. Beauty and durability are its two most important requirements. Beauty includes texture, luster, color and design. Durability includes quality, purity of fiber, weave and method of its finishing.

The shape of the table, the amount of linen used weekly, amount of entertaining done, must all be taken into account in purchasing. A good quality damask is always satisfactory. Double damask is still better, it launders well, has a satiny appearance, wears beautifully and is the best buy for cloth and mat sets, or table squares. Linen and cotton mixed weaves well also, but it never looks fine and nice, has little or no luster, and needs endless boiling and bleaching to keep it white. Mercerized materials take on a certain luster due to the process but the wearing qualities are not as satisfactory as those of the pure linens.

The formal damask cloth should be large enough to allow an 18-inch fall below the edge of the table. The 27-inch dinner napkin has become general for most tables though some still use the French 30-inch size. But in double damask this is quite a lapful according to modern views. The breakfast napkin, used also for luncheon, is 22 inches square. The afternoon tea napkins are usually 15 inches square. All napkins, after the thread

is drawn to insure evenness, are hemmed by hand, or hemstitched.

The embroidered initials or monograms on formal tablecloths are placed on diagonally opposite corners or at each end of the cloth at 18 inches from the edge of the table, just beyond the serving dish. The initials or monograms are four to six inches in height and heavily embroidered. A dozen and a half napkins are usually purchased with formal cloths in case extra ones are needed. Plain damask with wide satiny striped borders are always correct for formal use.

The new colored bordered linens of different widths are very attractive, especially if the dishes correspond with the border.

Mr. and Mrs. V. L. Thomas and daughter, Kathleen of Alliance called on the former's parents, Mr. and Mrs. D. W. Thomas Sunday.

The 45th annual reunion of the Sanor family was held at Lake Placid Saturday and was well attended. The reunion next year will be held at the same place the first Saturday in September, 1929. The old officers were retained.

Mr. and Mrs. Floyd Smith and daughter, Violet Elaine, moved to Greensburg Thursday where Mr. Smith is principal of the school.

Mr. and Mrs. Fred Maple and baby, Mary Lou, attended the Canfield fair Monday.

Donald Freshley is home from Ashland where he attended college last year.

Mrs. Ralph Stump has returned home from New Philadelphia where she visited her parents, Mr. and Mrs. George Hawn.

Mrs. W. G. Her and daughter, Ruth, of Valley, are the guests of her parents, Mr. and Mrs. C. F. Unger.

Rev. D. F. Stuckey is attending district meeting at Ashland.

J. B. Heim, an aged resident of West township, is quite ill.

A pleasant surprise was given in honor of Miss Edna Bowman at the home of her parents, Mr. and Mrs. W. F. Bowman, Friday evening. Miss Bowman entered the Alliance City hospital where she will take a course in training. Her many friends wish her great success.

It May Be Urgent

When your Children Cry for it

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

MEN BELIEVED IN WRECKAGE

One Known Dead In
Freight Train Wreck;
Conduct Search

Milwaukee, Wis., Sept. 5.—Efforts today are being made to rescue harvest and construction gang workers believed buried beneath the mass of wreckage of nine freight cars which piled up at Lyndon, a Chicago, Milwaukee and St. Paul railroad station 12 miles east of here.

One young man, about 20, is dead, and nine others, all seriously injured, are at a Milwaukee hospital. At least four more are known to be pinned under the pile of iron and wood.

Early reports stated that at least 20 men, railroad workers and harvesters "beating" their way eastward, were aboard the middle car which caused the wreck. About 10 others were in following cars.

The dead man has not been identified.

**New Cottage Dorms
Ready for Opening
At Western Reserve**

Miss Eleanor Jones of Salem will be one of the first girls who will live in the new cottage dormitories which will be opened at Western Reserve university in September.

Miss Jones will attend the Kindergarten Training school of the School of Education of Western Reserve university, Cleveland, and will live in Anthony House.

The cottage dormitory is a new system for housing women students to be inaugurated at Western Reserve university this year. Girls live in small groups in attractive residences on the university campus. At the head of each group is a house mistress whose aim it will be to make her group as nearly like the finest ideal of the American family as is possible for her to do.

Four of these dormitories will be opened this year for professional women students of the university. Besides students of education, they will house students of law, medicine, library science, pharmacy and the social sciences.

Light Festivals Of Berlin In October

Berlin, Sept. 5.—"Light guilds" are now being established in all sections of Berlin in preparation for the "light festival," which is to be held on October 13 to 16.

The members of these "light guilds" are being chosen by the inhabitants of the principal streets. They include all callings, but mainly electro-technicians, florists, gardeners, etc.

The whole German capital is to be flooded in light on the four days of the festival. Arches will be erected in the main streets and all public buildings are to be illuminated with strong searchlights and thousands of electric bulbs.

LEETONIA

One of the largest reunions of the season was held in Leetonia when the Dean family held its first meeting.

The affair lasted for three days, Saturday, Sunday and Monday.

Some months ago E. J. Dean, Frank Dean and their sister, Mrs. P. B. Lavelle, Joseph Fox of Leetonia, Patrick Dean of Salem, Mrs. Anne E. Hawkins of Cleveland and

Rev. A. J. Dean of Toledo started plans.

On Saturday automobiles began arriving in the village and in the evening a family gathering was held. On Sunday the company gathered at St. Patrick's church, where at 11 a. m., the Rev. A. J. Dean conducted mass. Dinner was served at Kelly's Park at 1:30, covers being laid for 115.

The evening was spent in the home of Mr. and Mrs. Lavelle. On Monday several homes were visited. Those attending were from Toledo, Cleveland, Salem, Joliet, Ill. Muncie, Ind., Chicago, Pittsburgh, Philadelphia, Lost Creek and Sheenandoah, Pa. Anthony Dean and Thomas O'Call of Cannonsburg, Pa.

Miss Augusta Ginter who attended summer school at Chautauqua, N. Y., returned last week and after a few days' visit in the home of her parents, left Sunday evening for Chicago, where she is engaged in teaching school. On Saturday

day Miss Ginter and sisters, Misses Hazel and Frances Ginter spent the day in Columbiana.

Edward Dean of Cleveland and Regis Lavelle of Pittsburgh, were among the guests visiting at the home of their parents, Mr. and Mrs. E. J. Dean and Mr. and Mrs. Lavelle.

The next reunion will be held in two years.

Mr. and Mrs. Harry Clark of

Cleveland motored here on Saturday to visit in the home of Mrs. Clark's sister, Mrs. D. H. Schaeffer and family. Miss Helen Schaeffer who was a guest in the Clark home returned home with them. On Sunday Mr. and Mrs. Clark, Mr. and Mrs. Schaeffer and children, Miss Helen, Glenn and Jack, were guests of relatives in Sharon, Pa.

Mrs. F. W. Mossman and sons.

Marion and Jack went to Buffalo, N. Y., to visit in the home of Mrs. Arthur Greenamyer.

Mr. and Mrs. S. J. Arnold, son, Harry, spent over the week in Canton at the home of Mr. Mrs. A. H. Cowan.
